The licensed range of PAW Patrol drinks will be available in apple or orange flavour during the PAW Patrol Live show.

PAW Patrol Live is making its way to the Wembley Area this summer, where fans will be able to get their hands on Appy Food & Drinks' PAW Patrol juice range.

The licensed line of drinks has been created by the firm under its Appy Kids Co brand and will join its Family Value Range of wholesome children's drinks.

Available in apple or orange flavour, each carton boasts vitamins A, C and E and Calcium to help aid healthy growth.

The PAW Patrol show will head to the London stage on August 4th and 5th.
